

January 2022

Greetings in the Name of the Lord Jesus Christ from Eastern Europe:

We pray that this newsletter finds all of you rejoicing in the New Year, excited and expecting what the Lord Jesus Christ will do through all of us as we co-labor together for His Kingdom advancement. The signs of His soon return are all around us, so we pray that God will enable us all to continue working diligently to be found faithful and fruitful in the end.

Last year was still very productive on the mission field in spite of the ongoing pandemic and restrictions that it has brought to all of us. The Lord can make a way where there seems to be no way (**Isaiah 43:19**). In the Gypsy villages throughout Romania, there continues to be growth and revival where our co-laboring is producing fruit. **Churches are outgrowing their facilities** which usually begin in homes as it is in Calarasi (below) where we ministered.

As well as in Ploiesti (below) where they let us know of the desire to purchase a building for their growing fellowship.

The Lord Jesus Christ works through our partners to continue to provide supplies, food and updated homes for larger families such as Peter Onofrei's family below, where our partners helped him to finish his home for his growing family.

It was a great honor and privilege when in Turbata, we delivered basic food supplies to 55 Gypsy families (left) helping them to celebrate Easter as well as helping the widows with wood and coal to heat their homes and cook during the long winter months (left).

These programs, including summer camps (below) are ongoing and we so very appreciate the

continued prayer and support of our friends and partners who have a heart to help the orphans, widows and poor throughout Eastern Europe and even in India.

Our dear friend, Pastor Joshua in India continues the vision that the Lord gave us many years ago to **“change lives, restore families and transform nations by making disciples of the Lord Jesus Christ”**. Because of our friends and partners, lives are being changed by helping the poor and widows, churches are being built, such as the one below and the Home of Hope (also below) is flourishing.

We also held our second pastors' seminar as a video conference (below) encouraging the **20 pastors that are helped financially** who will help to transform the nation of India.

Work in the mission field is ongoing in Moldova as well, where we continue to minister to our Messianic Jewish brothers and help the poor in this community.

The churches in Moldova continue to bear fruit of our co-laboring with many souls being saved and following the Lord Jesus' example of baptism as the one we ministered at in Drochia.

The Home of Hope in Transnistria continues to thrive with Pastor Anatol's family continuing to grow as the oldest are getting married.

We are so very thankful to all of you who are so very faithful in prayer and your support of what the Lord Jesus Christ continues to do through all of our efforts in Kindom expansion. Without your help we could not accomplish all that we do each year. And also, without your love and support, we could not be realizing our dream of our own family home with is almost complete. You are all so very special to us and we

pray that this New Year will bring a fresh anointing in all of our lives. **Let's all strive to join in prayer for the year of 2022 to be the most fruitful yet in our of our lives as we all long to hear those Words of Jesus, “well done”**.

May the Lord bless you all greatly in Him and keep you all safe during this new year.

Love and prayers in Christ,

Ghiorghi, Cristina, Daniel and Timotei Cazacu
