

July 2019

Greetings in the Name of the Lord Jesus Christ from Eastern Europe:

We thank all of you who have been praying and helping us during this time of recovery from the accident. Even in spite of the accident, the workings of the ministry are still moving forward and we thank the Lord for your love and prayer and greatly appreciate your hearts for the ministry of generosity. Recently I have been to the doctor and we thank the Lord for improvement each day, but I am not yet completely recovered. The knee is

gaining more stability, but it will be another 20 - 30 days before I can start to put a little pressure with my feet on the ground.

I continue to do physical therapy here at the headquarters, which started recently. The Lord Jesus Christ has given us the grace to overcome all these obstacles. ***Scripture that I have read before and easily quoted to others who are going through difficult obstacles has become a reality and so very precious.***

One of the greatest excitements we have during this time is to see the national missionaries continue to co-labor together doing wonderful things for the work of the ministry. They work diligently, in spite of many difficult needs of their own as every one of

us encounters in life. But one of the great reports and blessings we want to share is that of Pastor Ion Leca. First, he wants to thank all of you, especially those who have helped him over the years with the corrective surgeries for his daughter's legs and helping him with their personal home

and needs to be able to continue to do the work of the ministry unhindered. Recently they organized an event in their community where children and youth were brought together with activities and providing the Good News of the Gospel of the Lord Jesus Christ. ***Because of his personal involvement with Tai Kwon Do he was elected by the local government to be in charge of all the sports activities in the local community.***

They not only saw his sports involvement but that he is also a Godly man who is trying to shape the character of the young people for the future and that his efforts are making a great impact on the community. He is a wonderful living example to that community. Please continue to pray as we come alongside him and work towards holding the annual summer camp in Puhoi.

We also appreciate your prayers and support so very much in continuing to help Pastor Ion to be able to finalize and move into his home. It has been a great honor to help him with the windows, doors and roof. With the Lord's help \$10,000 would help him to bring it to completion. Any help towards that would be a great blessing to him and his family. It is our hearts desire to continue to bless and work alongside the national missionaries with the Lord's

help for them to be stable, not to leave the ministry and relocate for work.

We are so very excited to share the testimony of redemption of Brother Igor who worked with us on Sister Nina's (who is paralyzed) new stove a few years ago. Igor had some legal problems in the past

and was unable to get an ID which is needed to register to get married. This great difficulty found him and Aliona living together. When he tried again to apply for the ID the authorities caught up to him and put him in jail. During that time

we continued to minister to him and his wife. ***We thank God that the Lord delivered him out in 10 months and when he was free, he put his life in order, got baptized, married and is now serving the Lord.*** Now the Lord has blessed him with a beautiful little boy named Daniel. We can see this opportunity of ministry to the local people who see their lives have completely changed. Someone who was an outlaw, now is saved, married and having children and living for the Lord. It is one of the most beautiful things to see lives changed because of the power of the Gospel of the Lord Jesus Christ. We thank the Lord to be part of their lives in some way.

Now Igor has a job in construction and they are preparing to serve the Lord. Sister Aliona has started working with the children in the village, ministering to them with lessons and giving them snacks as you can see above in their humble room. What an opportunity and great blessing to impact the younger generation and have the opportunity to speak into their lives. I believe with my whole heart that if we reach the children before they become teenagers with major problems, we can see their lives changed for eternity rather than going through hardships. Please pray that the Lord would help us to be a blessing to Igor and Aliona and for the children, teenagers and youth in the village. It is our

heart's desire to help them with \$1000 to add furniture and finish this humble room that you see to have a comfortable area for bible study. Please pray how the Lord would provide or have you be a part of this vital outreach.

In the Northern region of the Republic of Moldova in the town of Paladia, with the Lord's help we were able to help them purchase a

home to transform into a house of worship from the church planting funds. This is the quickest and least expensive way for us to help a group of believers to have room to grow at a fraction of the cost of a whole new building. When the numbers of believers grow, they can reach out into the community in a

greater way. We have helped them to put the new roof on and the believers are voluntarily doing all of the work including building a fence and cleaning the area around

their new church. They continue to make progress and we thank the Lord for all those who have a heart for planting churches. ***Not only to evangelize and see people saved but who know how very important it is to have a place to worship.*** Please keep them in prayer as we continue to help them remodel as funds are available. With the Lord's help it will take at least \$5000 to finalize the church so they will be able to start having services there.

We will continue to pray for you and your families daily as you celebrate summer activities and vacations. Your prayers for the ministry and our family are so very much appreciated as we see the signs of the end times in all the headlines across the world. We pray that we will all be found doing the will of the Lord, serving Him faithfully in all we do and that you will all hear those precious words, "well done thou good and faithful servant." You are all very precious to us and we pray that you are abundantly blessed in Jesus!

Love and prayers in Christ,

***Ghiorghi, Cristina, Daniel and Timotei Cazacu***
