

April 2022

Greetings in the Name of the Lord Jesus Christ from Eastern Europe:

As you already know through the media about the situation in Ukraine, it is with deep sorrow and challenges we try to communicate this newsletter with you. We appreciate all of our dear friends who have called, expressed your prayers, love and support for all here during this challenging time in this part of the world. We are very thankful and honored for your concern.

As most of you know we are here in Romania on the border with Ukraine and Moldova and we would like to say that it is challenging. We are working with refugees and thank God for our hard-working national missionaries in Moldova, Romania and Ukraine. **Personally, we have refugees staying with us in our home and we thank God for this opportunity and that we have a home to receive them.**

We would like to share with you a very special situation regarding one of our national missionaries in the Republic of Moldova, Sasha (above middle) who has a grandmother (above left) with 6 grandchildren aged 2 ½ - 16 staying with them. The parents were not allowed to leave the country because the father is the age of being in the army and the mother is a baker, which is one of the jobs that are necessary. Galena, the grandmother, Bogdan (age 16), Sophia (age 14), Galia and Oleg (12), Raceslav (13) and the little one Constantine (2 ½) fled the country from the region of Odessa where bombing is taking place. They do not want to go any further, but to stay in Moldova so that when things calm down, they can return to Ukraine. Please pray that the Lord would help us to provide them with food and clothing as they left

with nothing, not even clothes and support. The parents hurried them to leave so they would not suffer. We appreciate your prayers at this time because there is a great need for food in Ukraine and generators as the electric system is destroyed. There is a need for support so that people can get to the border where they can travel to a safe place before they move. It has been a blessing to help them as we can. **Please pray for us as the Lord spoke to our hearts and it is our desire to purchase a home or two in Moldova to take the orphans in from the war** (there are many) because it is not safe in Ukraine for them. We pray that the Lord would help us through the ministry to provide a place for them as we see more and more children who have no parents left to care for them.

As you can see above, we started to purchase, distribute food and to stockpile it, because gas has gone over \$8 per gallon as well as food rising double and triple because of shortages since the war began. **We are seeing shortages even here in Romania, so we appreciate your prayers and support at this time so we can be a blessing to as many as possible.**

With broken hearts we would like to share with you that we have been ministering to orphans even here in Romania where we live since communism fell and even still today. Gelu was married (above left), his wife left him and went to Italy, then she remarried, took the children and he ended up on the streets. Vasile (middle above) was an orphan which we have worked with for many years and mentioned in previous newsletters. The Lord has helped us to continue ministering to their needs. I was impressed to stop and encourage them with prayer and food. Towards the end of our visit, they asked that I pray for them that God would help them to have good health and not die soon. It is such a unique way that we continue to try and do ministry work here even in the midst of this war, help with the needs of the people and most importantly sharing the Gospel with them.

In spite of all of the things taking place, the Lord continues to help us to work with the pastors and missionaries in India through online meetings. We

thank the Lord that the ministry in India is expanding as they adopted our vision of training up an army of national missionaries who know how to speak the language, know the culture and are willing to remain in their country and do the work of the ministry there. The Lord opened the door of opportunity to be a blessing to 50 missionaries, pastors and their wives who were invited to a seminar (bottom left) to encourage them during this time to stay together as a family to be able to serve the Lord in a wonderful way, to accomplish the will of God in that part of the world. It was a great blessing to give them a small gift in appreciation for how they serve the Lord in that area.

We thank God that we will be expanding GMI in India in the state of Orisha. The ministry was able to bless Pastor Mohan with a motorcycle so that he could travel to different churches and sites where they minister. Please pray that the Lord would help us to purchase bicycles or ebikes for other pastors to travel village to village. A good quality bicycle there is around \$150. **Any gift towards purchasing these would be a great blessing to help us make a difference.** Anything helping national missionaries or pastors to go 2 or 3 times faster than their feet to accomplish more for the Lord is a wonderful blessing. Thank you so much on behalf of the people in India.

As we are here in the midst of the war, we want to say to you dear brothers and sisters, please pray for us as a family to stand here in all of the challenges, needs and trials, that the Lord would strengthen us to remain faithful and fruitful to the end. As we see the coming of the Lord Jesus Christ very clearly, the rising of the anti-Christ, all of the last minutes and moments, may He help us to remain faithful and fruitful. We are so thankful to all of you dear partners for your prayers, love, support and that you continue helping us to make a difference for the glory and honor of our Lord Jesus Christ.

Love and prayers in Christ

Ghiorgi, Cristina, Daniel and Timotei Cazacu
